## NEWS GATHERED FROM SOUTHSIDE

Building Activity in Manchester Continues—Many Residences Being Erected.

### REMODELING LIGHT PLANT

Reeder Shipp Fireman at Jamestown Exposition—Ministers Pay Tribute to Mr. Sullivan.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.

Building activity in Manchester continues and a number of new dwellings and other structures are now in course of erection.

Particularly noticeable is the large number of residences that are now being erected. On Parker Street, between Fifteenth and Cowardin Avenue, two handsome houses are going up. One is being erected next to the corner of the avenue by Mr. Joseph Staples, and the other by Mr. E. K. Victor on Semmes Avenue.

Mr. E. Shields is erecting two dwellings on Cowardin Avenue, near McDonough Street. Work on several plants is progressing rapidly.

The big warehouse at the corner of Seventh and Porter Streets is nearing completion, as is the addition at the plant of E. K. Victor on Semmes Avenue.

The Manchester Light, Heat and Power Company has commenced the installation of a new generator in the light plant, and in fact, the entire plant will be remodeled and the service will be increased greatly as well as improved. The work will take about four weeks.

The only halt in building has been caused by the shortage of bricks. It is stated that the manufacturers cannot supply the demand on account of the large amount of building that is now going on.

Mr. Sullivan Complimented.

Following the resignation of Rev. J. A. Sullivan, pastor of Oak Grove Baptist Church, who has accepted a call to the pastorate of the Baptist Church at Washington, N. C., the Baptist Ministers' Conference of Richmond and Manchester passed the following resolutions:

First, Resolved, That in parting with Brother Sullivan, we feel that we are losing one of our purest and most consecrated ministers and faithful pastors, as well as one of the most highly-honored members of this conference.

Second, That we deeply sympathize with our brethren of Oak Grove in the loss of a pastor who has been so faithful and successful in their midst, and pray that they may continue to carry out the noble work which he has so faithfully begun, and follow in his footsteps as he followed the Master; that we congratulate the church and community to which our brother goes to labor, and charge them to take good care of him.

Third, That we send a copy of these resolutions to Brother Sullivan and to the Baptist Church at Washington, N. C., and that they be published in the Religious Herald and in our city papers.

J. B. HURSON,  
E. W. CRIDLEN,  
Committee.

Officers for Liberty Council.  
Liberty Council, No. 13, J. O. U. A. M., has elected officers for the ensuing term, and they will be installed on next Tuesday night. The officers are as follows:

Councilor, B. E. Robertson; Vice-Councilor, C. G. Bookman; Recording Secretary, W. J. Morrisette; Assistant Recording Secretary, P. S. Barrett; Financial Secretary, W. H. Marshall; Treasurer, W. H. Toler; Conductor, O. O. Cheatham; Warden, H. C. Jennings; Inside Sentinel, D. E. Nunnally; Outside Sentinel, G. E. Campbell; Junior Past Councilor, H. J. Neugebauer; Delegate to State Council, R. F. Faison; Alternate, D. E. Nunnally.

AS TO RHEUMATISM.

A well-defined case of rheumatism is generally recognized by medical men as one of the most difficult problems with which they have to deal. It has been found, however, by the experience of able physicians that much benefit results from putting the sufferer from rheumatism under the following treatment: Before each meal there is administered an anti-rheumatic tablet composed of 2 1/2 grains Sodium Bicarbonate, 3 grains Salicylic Acid and 1 grain Wine of Colchicum. This is to be followed immediately by a glass of water. After each meal the patient is given a tablespoonful of a preparation of 1/4 oz. Fluid Extract of Buchu, 1 drachm Fluid Extract of Horse Nettle, 1 oz. Ament Cordia, 1/2 oz. Fluid Extract of Liverwort and 11 oz. water. The treatment, continued for a month, is said to give most gratifying results, even in unusually stubborn cases. The prescriptions given above any good druggist can compound.

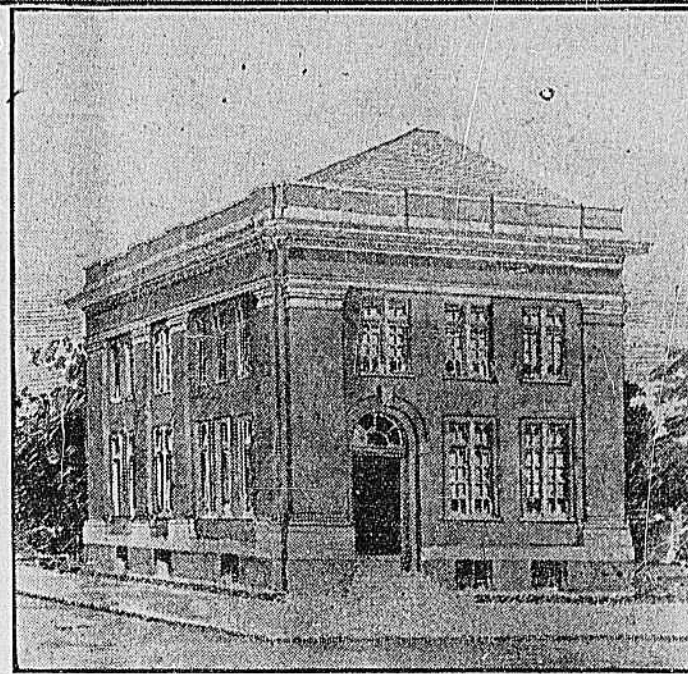

## DOCTORS PLAN TO HAVE HOME OF THEIR OWN

SUGGESTED SITE.

At the meeting of the Richmond Academy of Medicine and Surgery on Tuesday night plans of a proposed home for the association were exhibited, and though no definite action was taken beyond the appointment of a committee to look into the financial end of the proposition, still it is hoped that the doctors will shortly have a clubhouse and meeting-place of their own. The committee which has been looking into this matter recommended the purchase of a lot on Belvidere Street, near the corner of Grace, a part of what is known as the Carrington property. Tentative plans have been drawn by Architect C. K. Howell, of this city, and, though not yet finally adopted, the general idea seems to commend itself to a number of the members of the association, although some changes and modifications will no doubt be recommended. The first floor of the building will be arranged as a sort of clubhouse, and will include a large medical and general library, smoking and lounging rooms, with possibly a pathological museum, and other special attractions for medical men. The second floor will consist principally of a large assembly hall, 26x40, or larger, which may be rented out for lodge purposes for certain nights in the week as a source of revenue to the Medical Association. The lot which has been recommended is held at about \$3,400, and the architect estimates that the proposed building can be built in a substantial manner, with brick walls and slate roof, for about \$6,000, making the cost of the site and building, with fittings, some \$10,000.

The association has been invited to use, without charge, two large rooms

SUGGESTED BUILDING.

ing the cost of the site and building, with fittings, some \$10,000.

The association has been invited to use, without charge, two large rooms

in Cowardin flats, on Main Street, and will hold meetings there until some arrangement is made for a permanent home.

## TWELVE MONTHS IN JAIL FOR BURTON

Jury Imposes Severe Punishment in Case of Alleged Desertion of Wife.

The case of W. S. Burton, indicted under a recent statute for desertion and non-support of his wife, came to a close last night in the courtroom of Judge Witt, who rendered a verdict of guilty and fixing the penalty at twelve months in jail. Attorney Louis O. Wendenburg promptly moved the court to set aside the verdict as contrary to the law and evidence, and the instructions submitted by the defense. Judge Witt continued the motion in order that he might examine the record. The continuance was until next term, which begins on Monday.

The verdict in its severity was a surprise to many, though not a few in the courtroom stated afterward that they had anticipated it. Even if the court allows the verdict to stand, it is permissible for it to suspend sentence upon the agreement of the defendant to contribute such sum to his wife's support and maintenance as the court may deem equitable and fair.

Widely Known Here.

Mr. Burton, who is engaged in the bill-posting business, is widely known here. His firm, it is reliably stated, has exclusive privileges in sixty-two cities and the business is regarded as a very profitable one. The alleged desertion occurred last September, and under the statute, which was passed last year, the prosecution must be started within twelve months. The final determination of the case and the liability of the accused to imprisonment in the event of refusal to contribute to his wife's support depend upon the testimony of the wife, and the fact whether the wife was in destitute and necessitous circumstances as a result of the desertion and non-support. In the case at bar it was testified by the prosecutrix that she had a constant threat of imprisonment, and that she was in a state of destitution and necessity. The wife's support and maintenance as the court may deem equitable and fair.

The attorneys on each side agreed to get together and make up a record. Mr. Burton, it is reliably stated, is in a state of destitution and necessity.

A suit for alimony was recently instituted in the Law and Equity Court by Mrs. Burton, but this has never been pressed. Recently the proceeding under the statute was begun.

Purpose of the Law. It is recognized that it would be no relief for a destitute and deserted wife to have her husband imprisoned, but the purpose of the law is to hold the sinner to his duty, and to compel him to make provision for his wife's support to the best of his ability. In the event he does make such provision sentence is suspended, but when ever payment is refused, the wife may be re-arrested and the suspended sentence becomes operative. The statute is being frequently resorted to of late, and is having a wholesome effect.

SON OF POLICEMAN IS KNOWN BY AUTO.

While playing in front of his home yesterday evening the little eight-year-old son of Policeman Percy L. Tiller, of No. 213 South Randolph Street, was run down by an automobile driven by Dr. E. E. Book, one of the internes of the William Byrd Hospital, and badly, though not seriously, hurt. The little fellow was knocked down by the machine and was injured about the shoulders and back. Dr. Book stopped the car, and the boy was taken into the house and attended by the physician.

## KNOW NOTHING OF BIG MERGER HERE

Report That Home Brewing Company Will Go Into Combination Is Denied.

James S. Bailey, of Toledo, Ohio, recently successful in engineering the merger of nine independent breweries in St. Louis into the Home Brewing Company, is said to be setting out to accomplish still more extensive results.

Elated at his success in forming the St. Louis merger, he is now ambitious, it is said, to consolidate all of the breweries of the country into one gigantic combination that will represent a billion dollars of capital. A report has reached Richmond to the effect that the Home Brewing Company of this city has been listed by Mr. Bailey as one of the concerns to go into the big combine. The report lacks confirmation, and the managers of the Home Brewery assure their ignorance of the existence of any such scheme as has been reported.

President Sittler, of the company, was not in the city yesterday, and could not be interviewed, but Secretary and Treasurer Fuller said there was nothing in the report that the Home Brewing Company is to go into a combination with other Western cities having reduced the consumption of beer.

AGE DWOMAN LOST

ON BARTON HEIGHTS Mrs. Elizabeth Goldback more than seventy years of age, lost herself in Barton Heights early last night as she was trying to find her way back to the home of her son on Fourth Street, where she lives. She was taken in charge by a policeman at Barton Heights, who brought her to the Police Station. The aged woman could only sit in a chair proffered her by the kindly policeman and wait until they telephoned to one of her sons to come and fetch her. Hailing from the Paderland, Mrs. Goldback could not speak a word of English. One of her sons came finally and took her to her home.

Quiet Home Wedding.

A pretty home wedding took place yesterday afternoon at the residence of Mrs. Laura Mosely on South Harrison Street, when her daughter, Miss Fanny Grace Mosely, was united in marriage to Mr. W. O. Day, of this city. Owing to illness in the family of the bride the wedding was a quiet one, only near relatives of the couple being present.

The ceremony was performed by Rev. C. H. Jones, of Barton Heights. The bride wore a champagne colored embroidered voile, made over tulle skirt, with hat and gloves to match. The happy couple left last evening for a bridal trip to Philadelphia and Atlantic City. Upon their return the bride will reside at No. 404 West Marshall Street.

## THREE SUSPECTS ARE NOT CONVICTS

Men, However, Are Being Held in Huntingdon, Pending Investigation of Clark Murder.

A telegram received in the city yesterday stated that three men—John Hogan, John Monroe and John Henderson—who were arrested several days ago suspected of the murder of Harry D. Clark, of Richmond, in a freight car somewhere near Russell, Ky., are not escaped convicts from the Virginia State Farm.

The men are still being held in Huntingdon, Ky., pending further investigation into their travels and acts previous to and on the day of the killing of young Clark. It has been discovered that they were the last men seen in company with Clark before his death. They were with him on a train at or near the place where he was supposed to have been killed—Foster, Ky. The detectives working on the case think the scene of the murder, judging from the condition of the young man's body when found, and they believe that the three men were found, and took a following train.

Clark was buried by the county authorities of Russell last Saturday. His brother, Emmett Clark, of Marietta, Ohio, will arrive in Russell today and take charge of the body.

SHOCKOE COUNCIL.

Largely Attended Meeting Held at Smithfield Hall.

A large number of members present at the meeting of Shockoe Council, Royal Arcanum, in Smithfield Hall last night. Regent George McD. Blake, president, Mr. Harry Kemp, vice-regent, presented a large number of applications for membership, which were approved.

Regent Blake was requested to attend a meeting at Norfolk to-night to be given by Pocahontas Council in honor of Mr. Howard C. Avery, of Norfolk, the grand regent for the State.

Mr. Blake accepted the offer, and will go to Norfolk to-day to represent his lodge at the reception.

After the formal session of Shockoe Council, refreshments were served and a smoker followed. Among the speakers of the evening were Mr. Withers, W. Miller, Mr. J. H. B. Peay, of McCarthy Council, and Hon. McIntire Folkes.

Negro Falls Dead.

Joseph Jefferson, colored, of 1421 East Leigh Street, dropped dead yesterday afternoon as he was carrying a bucket of water. Death was found by Coroner Taylor to be due to hemorrhage of the lungs, and no inquest was necessary.

## MANY KILLED BY BOMB EXPLOSION

Hurled in Square and Robbers Escape With Money from Treasury.

TIFLIS, TRANS-Caucasia, Russia, June 26.—A bomb was thrown to-day into Erivan Square, in the center of the town, which was thronged with people. The missiles exploded with terrific force. Many persons were killed or injured, and windows and doors were shattered over a large area.

The outrage was connected with an attack on the treasury. A wagon containing \$125,000, escorted by Cossacks, had reached Erivan Square, where the bomb was thrown, and an explosion followed. Two employees of the Imperial Bank were killed.

The number of other victims has not yet been ascertained. The bags containing the money disappeared, and no trace of them has been found.

PATENTS AND POSTMASTERS.

List of the Former Granted, and the Latter Appointed, (From Our Regular Correspondent.) WASHINGTON, D. C., June 26.—Patents issued to-day:

Virginia—Thomas A. Bramberry, Portsmouth, sandmill toy; Emile LeCoutre, Alexandria, calculating device for typewriting machines; Jacquelin M. Meredith, Norfolk, fish scaling and slitting machine; John W. Potter, Stanton, nut lock; Frank E. Stinchfield, Norfolk, furnace construction; Robert S. Valentine, Richmond, combined supporter, placket closer and waist-holder.

North Carolina—Violet G. Alexander, Charlotte, steel shields; Enoch H. Burrage, Winston-Salem, bedstead lock; Arthur Lyon, High Point, machine for leveling chain tables; E. E. Tate, Raleigh, A. Powell, Wilmington, curtain pole.

Postmasters Appointed: Virginia—Bayford, Northampton county, Isaac S. Walker, vice D. G. Duntun, resigned; Carterton, Russell county, J. B. Jones, vice E. H. Suthin, removed; Kinderhook, Lunenburg county, Charles M. Neblett, vice J. H. Gee, resigned; Massanova, Raleigh county, Eliza Massey, vice J. D. Johnson, resigned; Virginia City, Wise county, John E. Rhodemaire, vice J. E. Tetterton, resigned.

North Carolina—Obids, Ashe county, John F. Gambill, vice Frank Colosso, resigned; Thomasville, Colosso and Maynard, Isle of Wight county, Va., will be discontinued July 31st.

VIRGINIANS ARE ADMITTED TO THE NAVAL ACADEMY

(From Our Regular Correspondent.) WASHINGTON, D. C., June 26.—The following Virginians have been admitted to the Naval Academy at Annapolis:

F. M. Collier, Fourth District; O. R. Hodge, Fourth District; R. E. Meade, Fourth District; R. C. Scott, Sixth District; F. M. Swain, Ninth District; F. M. Swain, Ninth District; G. B. Ashe, Fourth District; D. C. Godwin, First District; W. B. Phillips, Fifth District.

## HOLMES ENTERS A GENERAL DENIAL

Says He Did Not Signal from Windows to Brokers Outside.

WASHINGTON, D. C., June 26.—E. S. Holmes, Jr., former associate solicitor of the Agricultural Department, on trial in the Criminal Court on the charge of conspiring to defraud the government by prematurely divulging the department's information concerning the cotton crop, took the stand to-day in his own defense. He testified that he never had any advance information concerning the reports from the field and that he had neither given out information previous to the official publication, nor agreed to do so.

The court overruled the motion of the defense to take the case from the jury and direct a verdict for Holmes.

## SERIOUS FIRE AT CHRISTIANSBURG

ROANOKE, VA., June 27.—Christiansburg, Va., is burning and Roanoke has been called on for help. A telephone message at 1:30 o'clock this morning summoned the Roanoke Fire Department to the town, which is thirty-five miles west of here. An engine and a hose wagon will be sent on a special train at once. The fire started in the town foundry, near the center of the town, and spread to Graham's lumber yard, the livery stable, Childress & Co., an office building occupied by Childress; Stuart's buggy shop and the handsome residence of Mr. Graham.

The loss so far is said to be over \$50,000. The town has no fire department.

A telephone message at 2:15 says the Graham residence probably will be saved, and that it is believed the fire is now under control.

## BODY HURLED IN CAR WINDOW

NEW YORK, June 26.—Passengers on a trolley car crossing the Brooklyn Bridge to-night were horrified when the rear window suddenly crashed in, admitting the form of a man who landed senseless and bleeding in the car aisle.

When the man came from a mystery, and he was dead when an ambulance surgeon reached the scene a few minutes later. The neck was broken and a fractured rib had pierced a lung. Papers found on the body indicated that the victim was John Nelson, an electrical engineer of Brooklyn.

Lighting Shattered Roosevelt's Banner Pole

OYSTER BAY, N. Y., June 26.—Lightning struck and shattered a presidential banner pole, which stands less than 100 feet from the executive office here this afternoon. No one was injured. The pole flies a huge banner for President Roosevelt when he was elected President.

Libels British Steamer.

(Special to The Times-Dispatch.) NEW ORLEANS, La., June 26.—P. F. Sanford, master of the five-masted steamer T. Charlton Henry, rammed and sunk at sea, fled a libel suit against the British steamer Chelton, alleging damages to \$150,000. Attachment papers were served against the steamer. Captain Sanford, in his declaration, charges the Chelton officers and crew with neglect.

FACTS ABOUT FLOUR.

Made White by Leaving Out the Part Which Helps Digest.

Modern methods of milling separate the parts of the wheat berry that contain the diastatic element, and furnish only the white flour made up almost entirely of starch.

One of the principle elements needed to digest this starch has been left out in the process, and therefore the person who eats much white bread is almost sure to have intestinal troubles, for the starch does not digest properly and must, of necessity, decay, and cause all sorts of trouble.

Grape-Nuts food, on the contrary, is made up of the entire wheat and barley, and the processes of digestion as shown in the human body, are followed exactly as they would be in a natural way, by the use of moisture, time, and warmth. No chemicals or other ingredients are used, but simple methods scientifically arranged.

In this way the starch of the grain is transformed into grape-sugar, and the Grape-Nuts food, which appears in a granular form, shows on the outside of the little granules, glittering specks of this grape-sugar, which is not put on to the food from the outside, but is the result of the change of the starch into grape-sugar which works out to the surface, very much as the sap of the hickory or maple tree will frequently show in the shape of white particles of grape-sugar.

A handful of Grape-Nuts held to the light will show the little glittering particles of grape-sugar. It is naturally and scientifically predigested, therefore the food agrees with the weakest stomach. It must not be used in large quantities at one meal, for it is concentrated, and overfeeding of even the choicest food is not advisable. Being perfectly cooked at the factory, the food can be served instantly with cream or good milk. There is a definite, distinct and undeniable gain in nervous energy, and vitality when Grape-Nuts food is used. "There's a Reason."

They act like Exercise.
